Wetland Detectives

Look, Record and DrawBut Don't Collect!

Describe what it is and where you found it. Do a quick sketch drawing of your answer.

Field Work

- A thing that might be home to an animal
Where

-
- A thing that might be food for birds
Where

-
- Something you have never seen before
Where

-
- Something that is impossible to count
Where

-
- A living thing that doesn't move
Where

-
- Something that was once alive
Where

-
- A plant that is not native to the area and is a pest
Where

-
- Something that stops water flowing through the wetland
Where
