

Leaf Shapes

What Bird is That?

Field Work

Below are the shapes of different types of water birds and their names (*).
 Count and record next to the bird how many of each bird type

Bird	Number	Bird	Number	Bird	Number
 Bittern		 Grebes		 Spoonbill	
 Duck		 Heron		 Stilt	
 Cormorant		 Ibis		 Swamphen	
 Crake		 Lapwing		 Swan	
 Darter		 Pelican		 Tern	
 Duck		 Rail			
 Egret		 Snipe			

Classroom

Discuss the types and numbers of birds found at the wetland.
