

WetlandLink - World Wetlands Day Issue 2011

Celebrate World Wetlands Day 2011 Wednesday 2nd February

"Wetlands and Forests - forests for water and wetlands"

World Wetlands Day is an annual celebration on the 2nd of February to mark the date of the adoption of the Convention on Wetlands 2 February 1971.

The international theme for World Wetlands Day 2011 is "**wetlands and forests - forests for water and wetlands**" in celebration of the United Nations International Year of Forests. This was in recognition of the vital role forests play in the hydrological cycle and as a consequence, in the health of wetlands.

To help you find an event near you a list has been started on the Australian Government website. This year's celebrations range from art and craft activities, breakfast with the birds, rocky shore tours, to wetland walks and field days, canoeing and more.

You can view this list by clicking on the link below:
